

NOTE FOR: Joe/Betty

12 Nov. 1982

FROM: Debbie

Gordon Hoxie called today to advise that PBS plans to televise the DCI's lecture on Wednesday (Center for the Study of the Presidency). I advised [redacted] in Public Affairs who discussed it with [redacted]. [redacted] says there is nothing we can do about presence of TV cameras; only one who can call them off is Gordon Hoxie. If DCI objects to press coverage, perhaps he can call Hoxie and say so.
